3. SUMMARY

Due to the Pandemic Situation, MBA students from Zeal Institutes of Management and Computer Application, as well as all MBA faculty members, were physically present in the Seminar Hall with sufficient social distance.

The motivation for honoring all support staff is very clear: in any unusual situation such as a pandemic or any other challenging work of cleanliness, any organisation present in a well-known field such as education should prioritise cleanliness. On this basis, ZIMCA decided to honour their staff, so that they all feel proud of their current task, which is a very important contribution for Society as well as nation. Mahatma Gandhi advocated the same philosophy, hence this is the only way to demonstrate love to Bapuji and Lala Badur Shatri ji.

This is a really unique and different sort of felicitation in which management recognises support personnel in order to make them feel good and evaluate their commitment to institutional development because cleanliness is next to godliness. A fruitful existence begins with a clean environment and a fresh mind and body.
