**ORGANOGRAM CLUB ACTIVITY**

Every reputed institutes think about continues improvement also this take place when curricular & extracurricular is strong, taken care of all quality of students for the further improvement & overall growth. This word extracurricular activity has been playing important role in an overall development of student & faculty members also, to be very specific this activity enhances healthy & happy mind state in all even, odd situations, skills of professional sets more sharpen, expand social circle of students, increase out off box thinking, learn time management skills through experience of what is priority in the life & career finally open ground for more new areas to take interest in the development process of mind. However, few proactive students with more energy level institute must give scope to show case their talent to be very specific Leadership skills, creativity, team building & public speaking. So, Club activity is Forum for all mix bag of newly admitted MBA -I students so that they identify them self very well, engaged in any club activity according to their forty, because these activities enhance their skills, remain with them throughout their life, all time more they practice, more will be their growth so this is long term benefit but also in short term this boost the academic performance as well like memory, confidence, physical stamina etc. along with this social view of students also broaden like they can meet likeminded student, more confidence in own friend circle which enhance the skills of public speaking, self-esteem. Enjoy the student life through something creative & constructive in their professional life in short term & Long term also. Another skill set which is very important from personal & professional life is time management skill which give them feeling of importance of priority in the life, how to balance the carrier & professional life. Ultimately the overall active participation of students makes them academically strong which can be reflected in their resume so that they can impress future employers during their interviews Institution is on mission to develop "Complete Student" this journey starts with Individual

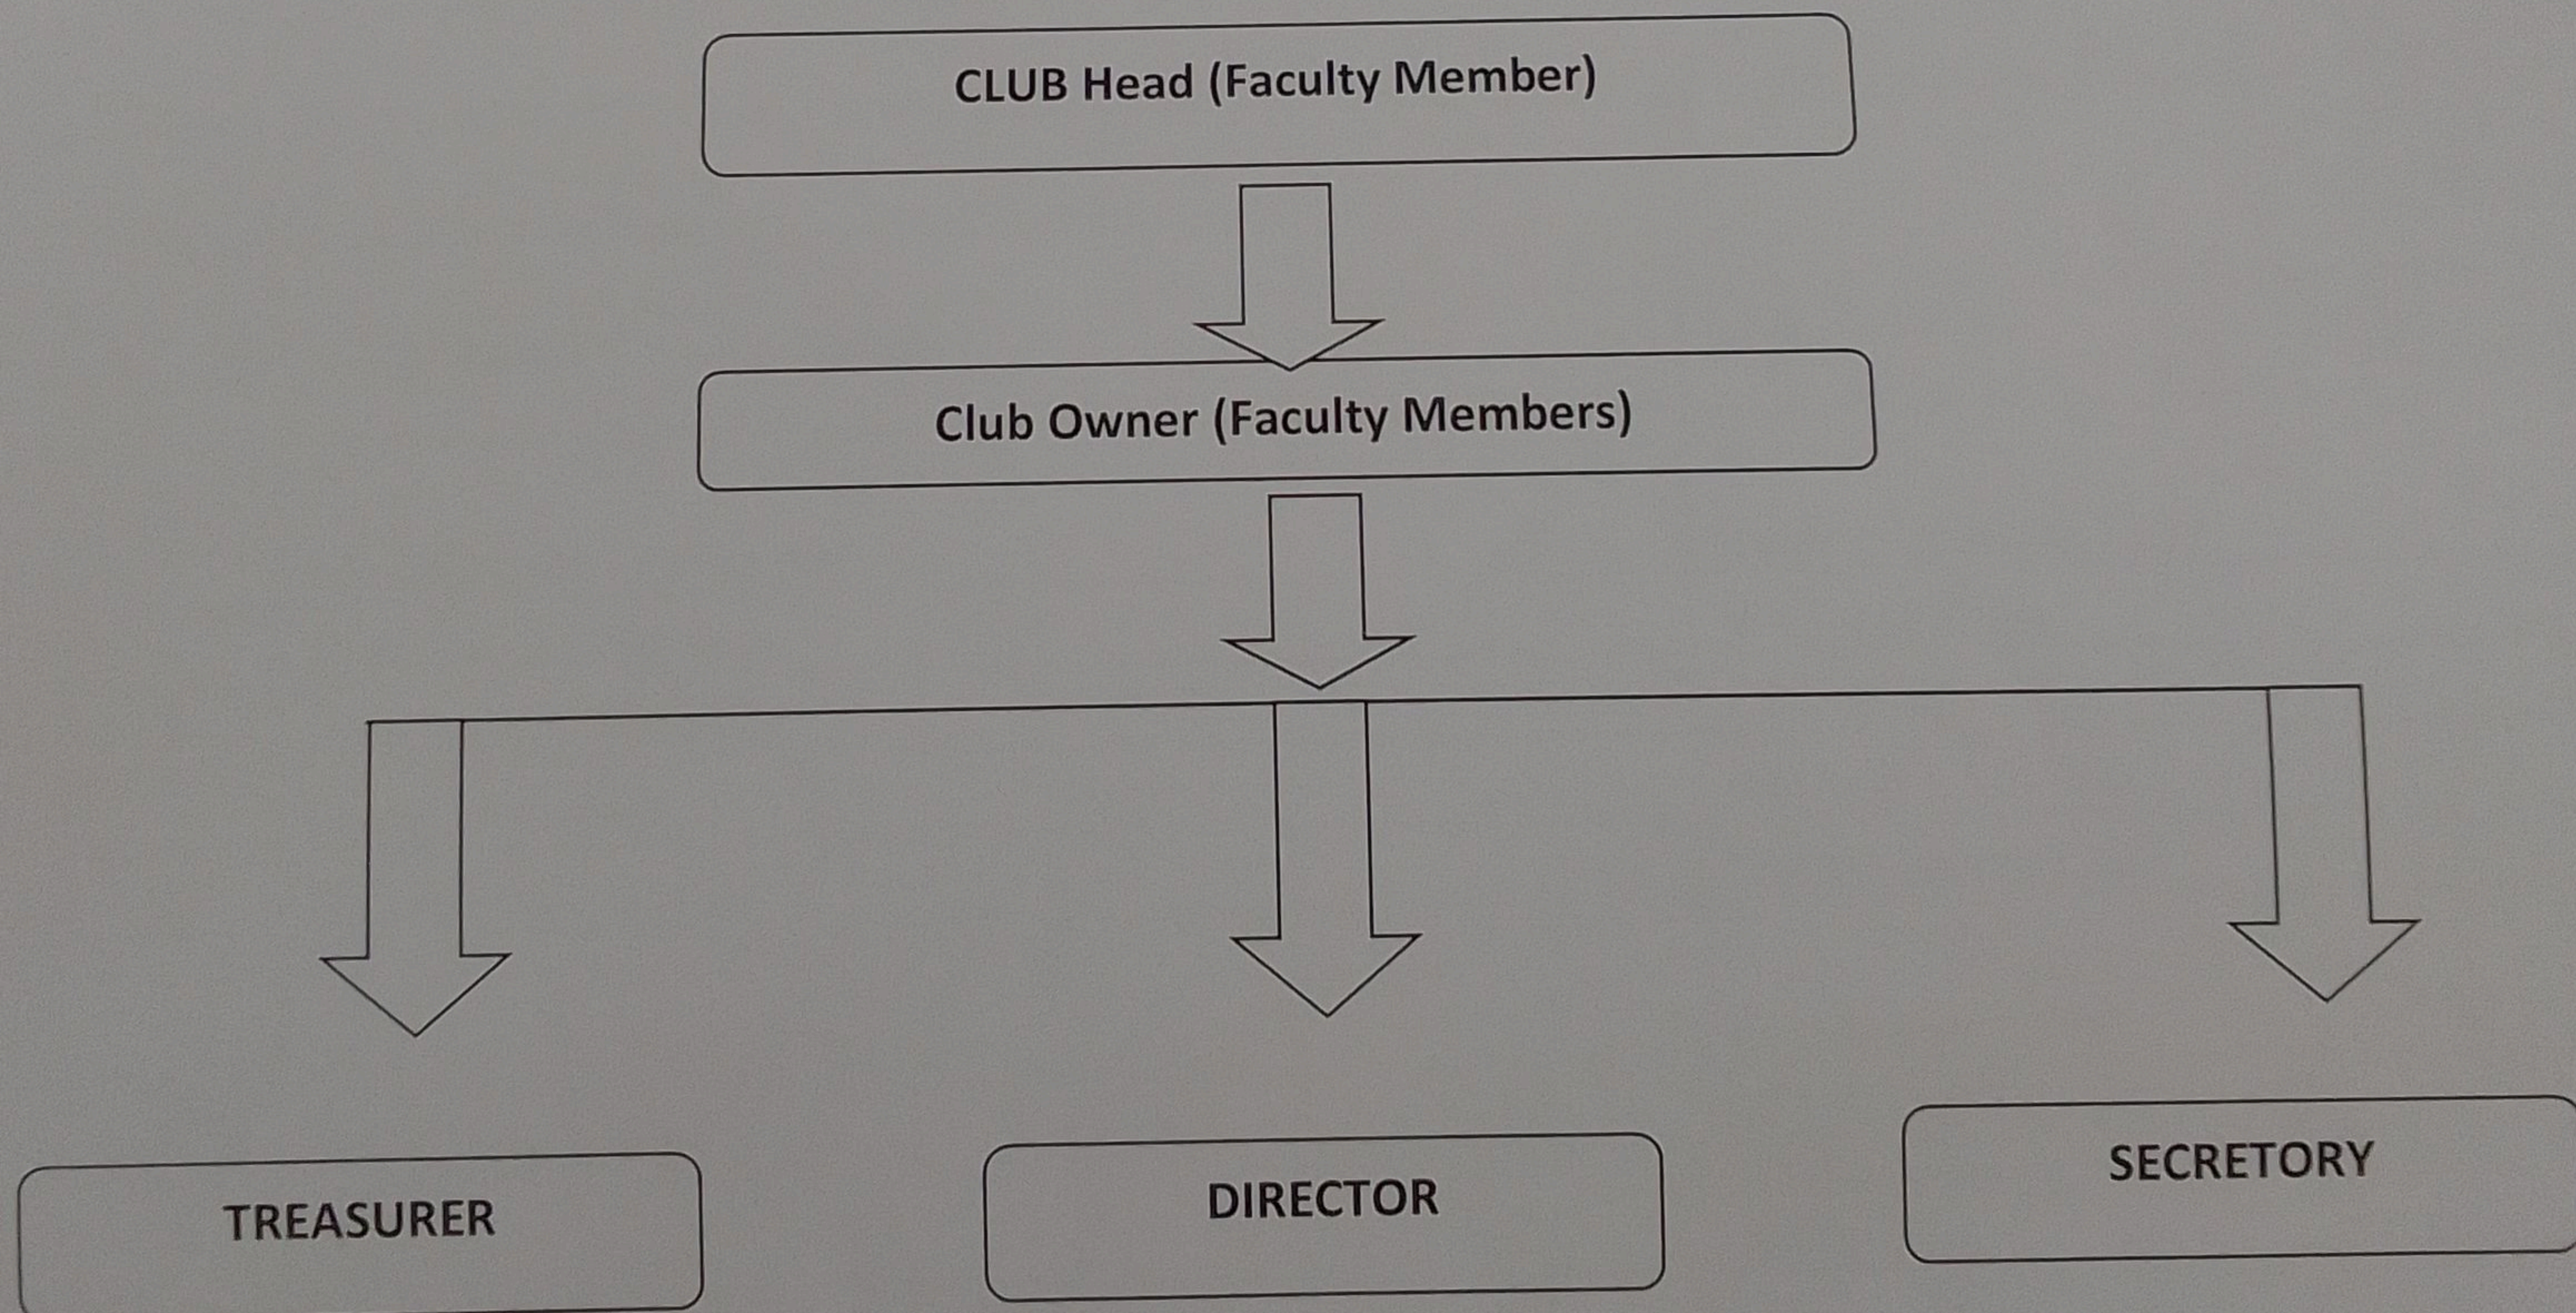

students, then institute & finally whole society. These activities for sure enhance educational experience of students, many psychologists showed that if students involved positively in institutes any activity that activity always develop them positively. Like more interaction at student level through peer groups, increase performance due to peer pressure because which influence them very much in overall development like cognitive development, emotional development, intellectual & social

development in a group they can develop through group activity like team building, coordination, formal & informal communication etc.

All these skills set help them throughout their personal & professional life, because they got many opportunities to enhance their leadership skills, interpersonal skills, link professional experience in personal life as well. Finally, the purpose of outcome-based education in the vision of all regulators will be fulfilled, so club activity which consist of various club has got following formation which consist of one owner who coordinate club activity as a care taker of club, execute the activity by taking help from student coordinators like Director, treasure & secretary.
