### **Description of Library Automation**

We are using AUTOLIB library software from 2010 for automation of Library. It is upgraded respectively in 2012, 2017 and 2020. Autolib library management software is very user-friendly & supportive for library functions. Using this software we efficiently run library administration and services. AutoLib software keeps all the transaction records & generates various reports which are very useful for library administration.

**AutoLib Library Management System** is having various modules like **Master, Member, Acquisition, Circulation, Tools, Search, Reports, Print, System Admin, Help** etc.
